

LEGISLATURE LEAVES 30 NEW LAWS

POPE PLACES
RED HATS ON
28 CARDINALSCOLORFUL THRONG
SEES BRILLIANT
PAGEANTRY

BY JOHN P. MCKNIGHT

Vatican City, Feb. 21 (AP)—In a ceremony rivaling in glitter, pomp and pageantry his brilliant coronation seven years ago, Pope Pius XII today placed the symbolic red hat on the heads of 28 of the 32 new cardinals he created last Monday.

The ancient rite, marking the climax of the first consistory since 1940, was witnessed by a great colorful throng—approximately 20,000—which jammed the nave of St. Peter's Basilica to capacity and overflowed into St. Peter's Square.

The conferring of the red hats, second of the three major insignia of their high office to be presented to the new princes of the church, left only their rings to be presented. These will be received by the cardinals at a secret consistory tomorrow, which will bring to a close the historic week.

Pontiff Gets Ovation

For the second time in two days the Pope was given a tremendous ovation. The huge audience roared its acclaim both when the pontiff, borne on his red portable throne chair, entered the nave and when he left.

The crowd also cheered many of the new cardinals, including Francis Cardinal Spellman of New York, the consistory's most discussed figure because of his close personal relationship with the Pope.

Spellman, who was received by the Pope yesterday in audience with 150 U. S. Army chaplains, received another significant demonstration of the pontiff's esteem this afternoon when he was sent the red hat which the latter had worn as Eugene Cardinal Pacelli.

Four From U. S. A.

The New York prelate, often rumored as the leading candidate for the vacant post of papal secretary of state, called the pontiff's act a "unique honor." He already had been assigned the Roman church of which the Pope was the titular head when he was a cardinal.

Among the new princes of the church receiving their red hats today, in addition to Spellman, were three others from the United States—John Cardinal Glennon of St. Louis, Samuel Cardinal Stritch of Chicago and Edward Cardinal Booney of Detroit.

In addition to conferring the red hats upon the new cardinals, the pontiff heard pleadings in four new causes of sanctification, including America's well-loved Mother Francis Xavier Cabrini, who soon will become that country's first saint.

No Schwellenbach
Shift, Says Truman

Washington, Feb. 21 (AP)—President Truman today firmly snuffed out reports, which started, that Secretary of Labor Schwellenbach, possibly would be replaced.

Schwellenbach and Secretary of Agriculture Anderson told, will remain where they are, Mr. Truman told his news conference—just as long as they care to stay.

The statement was made in connection with reports that Schwellenbach or Anderson, both West-erners, might be shifted to the vacant post of Secretary of the Interior. Mr. Truman said, incidentally, that he has not yet decided on a successor to Harold L. Ickes.

House Passes Bill
To Curb Petrillo,
Musical 'Dictator'

Washington, Feb. 21 (AP)—The House passed 222 to 43 tonight a bill aimed at curbing powers of James Caesar Petrillo, American Federation of Musicians president.

The measure would prohibit "certain coercive practices affecting radio broadcasting." Violators would be subject to fine or imprisonment.

House approval was by a standing vote and came after numerous modifying amendments were shouted down.

The Senate has passed a "much milder bill dealing with the same subject, so the legislation now will go to a Senate-House conference committee for final drafting.

Petrillo's name is not mentioned specifically in the House-passed legislation, but his name dominated the hotly-worded debate which preceded final action.

DISPUTE FEARED
IN COAL FIELDS

Lewis Calls His Miners
Policy Committee To
Meet March 11

BY HAROLD W. WARD

Washington, Feb. 21 (AP)—John L. Lewis today summoned his United Mine Workers' policy committee to a meeting March 11—a step which usually precedes new wage demands on the nation's coal operators.

The policy committee—250 union leaders from the hard and soft coal mines—was called to Washington by unanimous vote of the 30-odd district presidents who had been meeting with Lewis for the last two days.

Announcement of the miners' session, apparently supporting President Truman's reported fears that a dispute in the coal fields might be brewing, came as the heads of two powerful railroad brotherhoods discussed with the president their threatened strike of 300,000 members.

Presidents A. F. Whitney, of the Brotherhood of Railroad Trainmen, and Alvanley Johnston, of the Brotherhood of Locomotive Engineers, talked over their strike vote with Mr. Truman, they said.

These two brotherhoods have refused to arbitrate their demand for a 25 per cent wage boost, and insisted on immediate consideration of a host of operating rule changes after wage differences are resolved.

Other railroad unions agreed to arbitrate the same wage demand and to call a one-year moratorium on the rule changes.

Edgar L. Warren, chief of the U. S. Conciliation Service, agreed to intervene in the threatened strike of 250,000 members of the National Federation of Telephone Workers.

**Former President
Of Finland Gets 10
Year Prison Term**

Helsinki, Feb. 21 (AP)—A special "people's court" today found former President Risto Ryti guilty of leading Finland into war with Russia at the side of Germany, and sentenced him to serve 10 years in prison at hard labor.

Seven other former government officials similarly convicted were given varying terms of imprisonment. With Ryti's sentence their totals are 38½ years.

Move To Sidetrack
Universal Training
Called Impractical

Washington, Feb. 21 (AP)—President Truman called impractical today a House military committee move to sidetrack universal military training legislation in favor of a campaign to outlast peace-time conscription throughout the world.

The president expressed his views at a news conference when asked for his opinion about the proposal gaining strength in the committee.

He already has urged Congress to enact legislation requiring every able-bodied male youth to take one year of military training, and the committee has been holding hearings on the legislation since last November.

The president gave no reasons for his belief it would not be practical to try to outlast universal training everywhere, and in the absence of an explanation House Republican Leader Martin of Massachusetts said he would continue his fight for an international ban.

Liquor Ban Urged

Martin is author of a resolution urging the president to do everything in his power to bring about such a ban. It has strong support in the military committee, which will hold public hearings on it next Wednesday and Thursday.

Some committee members want to hear the views of Gen. Douglas MacArthur and Secretary of State James F. Byrnes. They may seek to reopen the hearings next week despite the announcement by Chairman May (D-Ky.) that they are "now closed."

Today's witnesses included a group of high school and college students, Texas minister, and spokesmen for the church and educational groups.

The minister, Sam Morris of San Antonio, an ardent prohibitionist, urged the committee to make certain that intoxicating liquor will not be available to youths if universal training is adopted.

A group of students from various colleges also made brief appeals against the training proposal.

DETROIT DAIRY
WORKERS QUIT

Estimated 750,000 Get
No Milk; Cans Dumped
By Farmers

Detroit, Feb. 21 (AP)—CIO United Dairy Workers, enforcing their demand for a 20-cent hourly wage rise, today walked out of 10 more milk production plants and an estimated 750,000 Detroiters went without their regular milk supply.

Altogether 14 plants are tied up by the strike and Howard F. Simmons, secretary-manager of the Michigan Milk Producers Association, said thousands of gallons of milk were dumped by farmers who could find no place to deliver their supply today.

"Farmers could not divert the milk to * * * processing plants as these concerns have been closed because of a milk shortage," Simmons said. "Fluid milk is very scarce and although normally the farmers can barely meet the city's needs, there was nothing to do but throw the milk away."

Simmons estimated 75 per cent of the city's entire supply had been dumped down the drains.

Meanwhile, union and company officials agreed on a distribution plan by which families calling at strike-closed plants will receive two quarts of milk daily and deliveries will be made to hospitals and schools.

The city health department will take care of families unable to go to the dairies.

**CIVILIAN RIOTS
SWEEP BOMBAY**

Indian Sailors Battle
British; Police Fire
On Street Mobs

Bombay, Friday, Feb. 22 (AP)—Negotiations seeking the surrender of mutinous seamen of the Royal Indian Navy barricaded in the bullet-pocked castle barracks in downtown Bombay were reported in progress early today while civil rioting in support of the sailors subsided.

The Times of India, a leading Bombay daily newspaper, told of reports that the men actually were surrendering weapons at the barracks but this was not confirmed by official Army sources. However, firing in the long range rifle and machine gun duel between the mutineers and British Tomnies who surrounded the barracks had ceased.

The rioting civilians who turned a demonstration in support of the R.I.N. mutineers last night into a wave of shop looting and destructive stone throwing and bus and tram burnings finally quelled roaming the streets after encountering police gunfire in the early morning hours.

**Dark Flour Order
Stops Manufacture
Of Cake Flour Mix**

Minneapolis, Feb. 21 (AP)—Heads of two of the nation's leading flour milling companies said today that the government's dark flour order which becomes effective March 1 will force discontinuance of the manufacture of their prepared cake flour.

Both Philip W. Pillsbury, president of Pillsbury Mills, Inc., and Harry A. Bullis, president of General Mills, Inc., said that as soon as the present inventories are exhausted, the prepared cake flour will be off the nation's grocery shelves.

Bullis said also that the order, which calls for use of 50 per cent of the wheat berry in flour manufacture after March 1, eliminates manufacture of the prepared cake flour and biscuit mixes since approximately 50 per cent of the wheat berry is used in their manufacture.

MAJOR ISSUES
NOT SETTLED
IN GM STRIKEBOTH SIDES MEET
AGAIN TODAY IN
DETROIT

Detroit, Feb. 21 (AP)—The CIO United Auto Workers reported tonight that a seven-hour negotiating session with General Motors had "brought us nearer to an understanding on union security."

At the same time, a reliable source hinted strongly that the question of union seniority (promotion preference on seniority basis) stood out as one of the prime factors barring settlement of the 93-day old strike of 175,000 production workers.

In a statement an hour after the conference broke up, Vice President Walter P. Reuther of the UAW said "no progress was made on the questions of transfers or promotions, or on other important non-economic issues."

No New Angles
"All of these issues," the union statement went on, "have been continuously before the negotiating conference. No new issues have been injected."

General Motors issued no statement on today's proceedings.

In a press conference at conclusion of the talks, Special Federal Mediator James F. Dewey said a "basic agreement" had been reached on the problem of maintenance of membership but that a few angles remained to be ironed out.

Dewey, who called both sides back to the conference table again tomorrow at 10:30 a. m. (EST), told newsmen three new issues, which he did not discuss, were injected today. However, Reuther's subsequent statement did not agree on this angle.

While the disputants continued at odds on a number of non-economic issues, Reuther also declared in his statement that the corporation "still refuses to accept the president's recommendation of a 19½ cent wage increase, which the union insists General Motors could pay."

Parts Shortage Felt
Meanwhile, production suspensions were announced at two automotive plants as a result of parts shortages.

The Ford Motor company said it would suspend tractor output at its Highland Park plant tomorrow night because of inability to obtain essential components from outside suppliers.

An estimated 2,500 workers will be laid off, making a total of 46,000 Ford employees now idle as a result of the steel strike.

Highland Park tractor production has totalled approximately 250 units daily.

Chrysler corporation said 2,000 employees of its Dodge truck plant were forced out of work today as the result of a shortage of drive shafts "caused by a strike at the Cleveland, O., Steel Products company."

The corporation said that the remaining 1,500 plant employees are continuing "temporarily at least" on service, export and repair work.

**Wage Boost Winds
Up Transit Tieup
In Lancaster, Pa.**

Lancaster, Pa., Feb. 21 (AP)—A 16-day transit tieup ended today with union-management approval of a 12-cent-an-hour wage boost for bus and trolley operators.

The 220 Transit Workers at a closed session ratified the pact reached by representatives of the Conestoga Transportation company and Local 1241, Amalgamated Association of Street, Electric Railway and Motor Coach Employees (AFL).

Later the AFL-Central Labor Union, which issued the general strike call three days ago, to its 12,000 members, rescinded its "no work" order, which had resulted in only a partial shutdown of Lancaster's industry.

Company and union leaders declared transit service will resume tomorrow. Picketing halted immediately and business establishments reopened.

**Lone Thief Loots
Grand Rapids Cafe
As Patrons Watch**

Grand Rapids, Feb. 21 (AP)—While the proprietor's wife and 30 patrons looked on open-mouthed, a lone thief tonight calmly walked into Harry Hamilton's downtown restaurant, scooped up \$150 in money from the cash register and dashed out, making good his escape.

A waitress tried to lock the door before the thief could get out but he shoved her aside with no trouble.

J. R. Charlebois Dies
After Long Illness

Joseph R. Charlebois, 53, well known Escanaba business man and civic leader, died Thursday morning at St. Francis hospital, following an illness of five months duration.

Mr. Charlebois was born Sept. 10, 1892, in Escanaba, and had resided here all his life. He attended St. Ann and St. Joseph schools, and was graduated from Marquette University at Milwaukee. He later attended the Detroit Business College.

For a few years he was an accountant for a wholesale firm, and later was associated with Charles Gunderson in the feed and grain business. For the past 28 years he was associated with the Hewitt Grocery company, holding the position of manager of the Escanaba branch until the time of his death.

Keenly interested in civic affairs, Mr. Charlebois was a member of the Board of Education for eight years, a member of the Board of Directors of the State Bank of Escanaba, and a trustee of St. Ann church. He was also a member of the Knights of Columbus, the Holy Name Society, the Chamber of Commerce and the Elks Lodge.

He was married to Miss Olive Beauchamp on July 17, 1916. They made their home at 600 South Fourteenth street.

He is survived by his widow; his mother, Mrs. Virginia Charlebois; and the following children: Mrs. John P. White, Cherry Point, N. C.; Lorraine, Ohio University, Athens, Ohio; Joseph, Jr., a student at Salvatorian Seminary, St. Nazianz, Wis.; Billy, at home; and one grandchild, Barbara White.

The body is in state at the Boyce funeral chapel, where the Knights of Columbus will meet tonight at 8 o'clock to recite the Rosary. The Daughters of Isabella will meet there this afternoon at 3:30 o'clock. Funeral services will be held Saturday morning at 10 o'clock at St. Ann church. Burial will be in the family lot in St. Ann cemetery.

Chicago Mayor Declares
Council Will Act On
Taxi Licenses

BY JOHN CHADWICK

Washington, Feb. 21 (AP)—War veterans demanding Chicago taxi licenses paraded around the White House and the Capitol today, and a little later Chicago's mayor, Edward J. Kelly, said the city council will help them soon.

Questioned at a luncheon in the speaker's dining room in the Capitol, Kelly told a reporter:

"I have hopes that we'll be able to help them at the next meeting" of the city council. The council will meet in a week or ten days, he said.

Arthur Dickholtz, vice president of the hackers' organization, told a reporter he would request permission to appear before the council meeting to "give the veterans' side of the story. All they've heard is the politicians' side."

The 148-car caravan of ex-servicemen arrived here late yesterday after a three-day drive from Chicago. Drivers said they would stay until assured of being licensed by the city to operate their taxis.

From Fort Simms, an unused Army camp where they are bivouacked, 25 of the black and cream-colored cabs followed a police escort in a noon-time parade which circled the White House and the Capitol.

None of the taxis which passed through the capital grounds was emblazoned with slogans. Police required them to travel 100 yards apart to prevent a traffic tieup.

A Chicago ordinance limits the number of cabs there to 3,000, most of them held by two companies.

**Cards And Pinball
Machines Banned In
All Liquor Places**

Lansing, Feb. 21 (AP)—Strict enforcement of the State Liquor Control Commission's new ruling forbidding card games and pinball machines in liquor establishments will begin next week, Charles A. Parrish, enforcement director, said today.

He said that although the rule became effective Feb. 12 and inspectors have already been active, the commission was allowing a "reasonable length of time" for owners to remove gambling machines from their premises.

The rule permits the establishments to have juke boxes and cigarette machines only and applies to taverns, bars, specially designated distributors and specially designated merchants.

PHONE WALKOUT
VOTED MARCH 7

Unions Claim 150,000
Workers Affected;
Talks Continue

Memphis, Tenn., Feb. 21 (AP)—A nation-wide telephone strike, effective at 6 a. m. (in each time belt) Thursday, March 7, was ordered tonight by the executive board of the National Federation of Telephone Workers.

Joseph A. Beirne, president of the independent labor organization, said the 17 affiliated unions in a position to conduct a legal strike "will leave work at the time directed."

He added: "The other 33 affiliated unions will respect picket lines to be established by the striking unions."

The union head said the strike would be participated in directly by 150,000 workers and affect by picketing the other 100,000 employees in the far-flung American Telephone and Telegraph company system. All states will feel the effect of the walk-out, he said.

Asserting the 9-man executive board would be required to sanction all agreements reached by the separate unions, Beirne added that "no individual settlements will be made."

Beirne added:

"If the government wants to intervene, they will contact us. Meanwhile, we are preparing for a strike."

**Army Packing Up
To Leave England**

Thatcham, England, Feb. 21 (AP)—Virtually all the surplus property at this largest U. S. Army depot in Britain has been inventoried, packed and made ready for shipment and April 1 has been set for the closing of operations, Depot Commander Col. William S. Buchanan of Prescott, Ark., said today.

The depot houses three-fourths of all army service forces surplus property in the United Kingdom, valued at \$140,000,000.

Personnel of service forces in Britain will be reduced to 4,200 by March 1, to 3,000 by April 1, to 1,800 by May 1, to 600 by June 1 and to 15 by July 1, when all other depots are closed.

A few low-point men will be sent to the continent, but the bulk of the men, with 45 to 49 points, will go home.

**Victory Gardeners
Urged To Carry On**

Washington, Feb. 21 (AP)—The government tonight asked victory gardeners to carry on in peacetime and farmers to plant 3,200,000 acres more of grain and food crops this year than the goal previously set.

The double-barrelled appeal is designed to help further in relieving the world food shortages.

President Truman issued the call for victory gardeners to be continued after a conference with Secretary of Agriculture Anderson. The secretary has appointed Paul C. Stark, of Louisiana, Mo., to direct the national garden program in the agriculture department.

SPECIAL TERM
PAPER DEFICIT
IS \$7,865,341

SESSION ADJOURNS;
VETERANS' TRUST
FUND CREATED

BY ARNOLD LEVIN

Lansing, Feb. 21 (AP)—Michigan's legislature, adjourning an 18-day special session this afternoon, left behind it 30 new statutes, appropriations of \$35,465,341—and a "paper deficit" of \$7,865,341.

Its list of achievements was topped by creation of a \$50,000,000 trust fund to insure World War II veterans against future need.

Legislative finance leaders conceded the deficit they left might be even larger because they made no provision for expected direct relief overdrifts, for substantial pay raises for state employees and for operating deficits at state-supported colleges. The total of these items has been estimated at between \$4,000,000 and \$7,000,000.

Sales Tax Revenues Up
Total monies appropriated exceeded the estimated \$27,000,000 surplus for the biennium and a bill passed on the last day may run the state more deeply into the red. Legislative leaders were quick to point out, however, that sales tax revenues are running ahead of estimates and that the sale of automobiles and other products will push the total even higher.

The bill which may affect the deficit—if any—provided that local governments must refund property taxes paid by veterans since 1940 and will in turn be reimbursed by the state.

Rep. John P. Espie of Eagle, House ways and means committee chairman, pointed out that \$800,000 was appropriated for veterans tax exemption last session, a \$450,000 for that purpose was written into the deficiency bill and that the new measure "may cost four or five million dollars additional."

"Nobody knows what it will cost," he declared.

More For Forcupines
Two appropriation bills were passed in the closing hours of the session, one providing \$7,857,000 for various Michigan colleges, including a \$2,700,000 grant for Detroit's Wayne university, and the other a \$7,911,341 deficiency measure.

The college bill passed after a conference committee recommended elimination of a Senate-sponsored amendment granting \$1,125,000 to denominational schools for veterans education.

Senate amendments to the deficiency bill, adding \$100,000 for development of the Porcupine Mountain recreational area and eliminating \$10,890 for the workmen's compensation division, were accepted by the House.

Conference committee decisions on two bills affecting veterans were accepted and the measure passed. One provided that ex-servicemen may apply for reinstatement of professional and occupational licenses they held when they entered service up to two years after discharge provided the license was not revoked for cause, transferred or sold.

The other specified that veterans returning to professions or trades may count for licensing purposes experience gained during their period of service and any training they acquired before they donned the uniform.

Aid For State Parks
Other bills approved after conference committee action broadened the scope of municipal financing by revenue bond issues, and permitted reinsurance with private firms of liquor commission and state laboratory risks carried

COUNCIL BUYS STEAM BOILER

Also Purchases Stoker,
Sets Aside \$20,000
For New Well

The city fathers approved the purchase of a boiler and stoker for the city heating plant in two separate actions at last night's council meeting.

The boiler, to be purchased from the Wickes Boiler company of Saginaw, Mich. produces 35,000 lbs. of steam per hour after specifications with use of Illinois coal and is 70 percent efficient in performance. It was pointed out by A. V. Aronson, city manager, that this 70 percent is high for boilers and that the present boiler is between 50 and 60 percent, 40 to 45 years is the life of the boiler.

It will take a maximum of 170 days before the boiler will be completely installed.

The city will pay 65 percent of the total cost on shipment, 25 percent after shipment has been made and the remaining 10 percent on completion of the boiler.

The rates of customers now using the steam plant will be raised slightly in the near future but the exact amount of raise was not stated. It was pointed out by Mr. Aronson that Escanaba is charged a lower rate for steam than is charged in any city, even in a large city such as Chicago.

A "Fritie Stoker" will be purchased from the Hoffman Combustion Engineering company of Detroit, Mich. Cost to the city will be \$6,402.00 installed. The life of the stoker is 20 years.

Bid for Well Rejected

Only one bid was received from well drilling concerns. This was from the Layne Northwest Well Drillers, Milwaukee. The council decided to reject this bid and not act on the matter until such bids can be re-advertised next summer. The city manager suggested and it was carried through to approval that the city set aside the sum of \$20,000 to be earmarked for a new well. The \$20,000 will be taken out of the city account, and be equally divided and put on short term loans to the three Escanaba banks. The loan would be for six months, with a one percent interest accumulated.

Admiral Drowned; Wife Saved As Car Plunges Off Ferry

Norfolk, Va., Feb. 21 (AP)—Vice Admiral Theodore S. Wilkinson drowned today when his automobile plunged from a ferry into the Elizabeth river, but the veteran of South Pacific amphibious warfare saved his wife's life by shoving her from the car a second before it sank.

Mrs. Catherine Wilkinson, wife of the 57-year old officer who distinguished himself as commander of the Third Amphibious Force, Third Fleet, said Wilkinson lost control of the car and when he realized they were going off the front end of the ferry he opened the door, yelled "Jump" and shoved her out.

Mrs. Wilkinson was rescued by employees of the Norfolk-Portsmouth ferries and removed to a Naval hospital for treatment of shock and exposure. Wilkinson's body was recovered about 75 minutes after the accident by a diver who removed it from under the steering wheel of the automobile.

The admiral was unfamiliar with the car, having borrowed it from a friend, his wife said. A court of inquiry will be appointed to investigate the accident, which occurred as the couple was en route from their home in Washington, D. C., to Charleston, S. C.

in the state fire fund.
A \$750,000 appropriation to permit the conservation department to develop state parks, principally those in southeastern Michigan, was reported from committee in the last hours of the Senate and passed both chambers.

The bonus issue, lively throughout the session, produced nothing tangible for veterans, but was kept before the legislature by adoption of a resolution calling for an interim 10-member House-Senate committee to study methods of financing a bonus bond issue.

The legislators also ordered a legislative investigation of juvenile delinquency, and of the possibility of state-supported colleges in the metropolitan area, as well as other district regions.

POLITICS MIXED

Lansing, Feb. 21 (AP)—The Senate got politics and its compliments all mixed up today.

Two Democrats, Senators Stanley Nowak, Detroit, the minority floor leader, and Alvin C. Hampton, Negaunee, declined to vote on a resolution which virtually endorsed Lt. Gov. Vernon J. Brown for governor. The resolution paid tribute to Brown's "long apprenticeship" in state problems, his "experience as an administrator and executive qualifying him to administer the laws of the state" and declared the Senate wished him success in "his desire further to serve the people."

Nowak said he admired Brown but he could not approve the resolution.

Then the Republican-dominated Senate approved a resolution complimenting Frank N. Isbey, chairman of the Michigan ward bond drive who has been mentioned as a Democratic candidate for governor. Yesterday the G. O. P. senators were cold to the idea and sent the resolution to committee.

Reporting a jocular House resolution condemning senators becoming candidates for lieutenant governor, the Senate amended it to apply to all legislators and then tabled it. Three senators, Don Vanderwerp, Fremont; George N. Higgins, Ferndale, and James T. Milliken, Traverse City, are potential or declared candidates, while Speaker Howard Nugent of the House also is mentioned for the post.

Vanderwerp declared he wished the resolution would include all ex-lieutenant governors, a reference to the aspirations of former Lt. Governors Eugene C. Keyes and Thomas Reid.

A telegram received today from Joseph Corendorff, assistant regional director, Development and Housing Authority, at Cleveland, Ohio, was read by City Manager A. V. Mr. Aronson was authorized by the council to meet with the FHHA representative and draw up a contract and work out the development program with him on the 25 family units but it was decided the city is not interested in the dormitory facilities.

Other Council Doings

The brewery site will be advertised for bids, with the city's right to reject any and all bids, and the purchaser is to be subject to all restrictions. The bids are to be open until 5 p. m. Wednesday, Feb. 27.

The final reading of the zoning ordinance change was made, whereby all but the north 90 feet of Block 47, Campbell's third addition is now changed from a Class A to a Class D district.

The installation of a sanitary sewer south of Ludington street, west of 23rd street, was approved, the estimated cost to be \$840.82. Mr. Carey, who owns Lots 20 through 25, agreed to pay \$450 of that cost in order to assure the city installing the sewers for his contemplated tourist cabin business. The remaining sum will be paid by the city with an assessment of each property owner and they connect to the sewer system. This will be excepted with the case of Mr. Olson who owns Lot 26. He will be assessed the original divided cost price per lot of \$70. This was decided in view of

"summer" primary, this time June 18, to allow all veterans to vote at the November general elections.

Smashing Of America's Wartime Fifth Column Bared In FBI Report

BY BRACK CURRY

Washington, Feb. 21 (AP)—The FBI disclosed today that the smashing of America's wartime Fifth Column uncovered huge stocks of weapons and explosives, thousands of short-wave radios and photographs of Panama Canal defenses and other vital installations.

The Federal Bureau of Investigation itself used the words "Fifth Column" in making available to a reporter these figures to show how dangerous aliens were huddled and their weapons of sabotage and espionage taken from them.

From January 8, 1942 to the present, FBI agents have recovered from the homes and businesses of these aliens 307,506 rounds of ammunition and 4,626 firearms and related items.

In addition to supplies of buckshot, shell caps and reloading devices, the FBI seized 2,340 sticks of dynamite, over 2,800 dynamite caps, 3,787 feet of dynamite fuse and over 1,700 pieces of other explosives.

More than 3,000 contraband shortwave radio receiving sets were uncovered along with more than 4,200 cameras and all kinds of photographic equipment.

Since the beginning of World War II, 16,062 enemy aliens have been arrested in the United States and its possessions, including 7,043 Germans and 5,428 Japanese.

The FBI snapped the spine of the Japanese and German Fifth Columns on December 7 and 8, 1941. Swinging into action a few minutes after the Pearl Harbor attack, FBI agents arrested more than 1,000 Japanese—the core of Nippon's Fifth Column movement.

The next day—December 8—the FBI began rounding up German and Italian aliens who were dangerous to the nation's security.

Within two days after Pearl Harbor hundreds were behind bars.

Port Angeles, Wash. (AP)—Lloyd Beebe, Sequim cougar hunter, killed a big cougar with two arrows shot from his 60-pound bow after his three hounds had treed the cat.

He put one arrow into the animal while it was in the tree, and when a limb broke, hurtling it to the ground, he caught it on the run with his second arrow.

The cougar had just killed a deer when cornered.

RECORDER'S JUDGE DIES
Detroit, Feb. 21 (AP)—Funeral services will be held here Saturday for Recorder's Judge Donald Van Zile who died today at the age of 60, following a long illness which had forced him to be absent from the bench since Jan. 4.

Honorary bearers will be Recorder's court judges and all court sessions will be recessed Saturday.

NO STARVATION AMONG GERMANS

Occupation Officers Say Rumors Are "Sheer Poppycock"

BY JAMES KING

Berlin, Feb. 21 (P)—American military government officials are bewildered by reports that reach here of an apparently growing impression in the United States that the Germans are starving.
 "It's sheer poppycock," asserted Maj. Gen. M. C. Stayer, Chief of the Public Health Branch of the Office of Military Government.

Nutrition surveys indicate that the German population as a whole has been gaining weight in the last several months, he explained. There hasn't been a single case of starvation reported.

Field Marshal Montgomery's spokesman said that perhaps there was hunger in the British zone, but no starvation. "The Germans," he maintained, "always were hungry unless their bellies were overfed."

The average German consumer during January received an average of 1,950 to 2,000 calories per day from rationed and non-rationed supplies, Stayer said. This he maintained, was sufficient for health requirements.

A total of 125,000 net long tons of food imported from the United States already has been made available to the German population in the U. S. zone. An additional 265,000 net long tons of wheat and flour are on hand en route to support the approved ration.

Lt. Col. E. F. Witte, chief of the public welfare section of the American military government, said "from the general observations of welfare workers in France, Holland and Belgium and other liberated countries, the Germans were not as badly off as the people in those countries following their liberation."

More than a million Germans in the U. S. zone alone are receiving welfare relief.

Comparative figures compiled by the American military government weekly "the grooper" showed that Germans in the U. S. zone

OPA EXPLAINS SUGAR RULING

Logging Camps To Get Regular Allotments, Farrell Says

To clarify a misunderstanding arising from a recent Office of Price Administration ruling on sugar, Lawrence F. Farrell, acting district director of the Office of Price Administration in Michigan, said yesterday that all logging camps in the Upper Peninsula will continue to get their regular allotments of sugar provided they employ and feed more than 50 people.

For those camps employing less than 50 people sugar rations will also be issued provided they are actual logging camps and not boarding houses, which feed the lumberjacks. These camps must submit their actual customer count for meals and their baking requirements for the months of December and November, 1945, Mr. Farrell explained. This information must be submitted on regular OPA forms and sugar will be allotted on the amount used during the base period. The forms will be issued from local OPA boards and applicants may receive them there.

Mr. Farrell emphasized, however, that the supplemental allotment of sugar which heavy workers and isolated workers (which includes logging camp workers) have received in the past will not be issued.

"The original purpose of the sugar supplement was to increase cereal consumption by these workers since meat and fat supplement did not supply total calorie needs," he said. "With the end of the red point program and substantially increased supplies of food, sugar need no longer be allotted to permit workers to make up for deficiencies in diet." The cancellation of the supplemental provisions by which the logging camp operators received eight pounds per month per man for men living at the camp and six pounds per month per man for those who live elsewhere went into effect Jan. 1.

THE OLD JUDGE SAYS...

HENRY: "I've heard that same thing several times lately...that alcoholics are really sick people. It was news to me. Do you agree with that statement, Judge?"

OLD JUDGE: "Yes, it's true, Henry. It's no notion of mine...it's a statement made by scientists who have studied the subject."

HENRY: "What did they find out, Judge?"

OLD JUDGE: "Well, as a result of their medical research, they found out that approximately 95% of the people who drink, drink sensibly. 5% do so unwisely, at times.

Included in that 5% is the small percentage known as alcoholics."

HENRY: "But why are they called sick people?"

OLD JUDGE: "Because it has been discovered that, in many cases, excessive drinking is a symptom of some physical or emotional maladjustment...not the cause of it."

HENRY: "Now I understand it, Judge. I am glad to hear of the modern approach to this problem and that so much is really being done to help these folks."

Housing Units Available

GRAND RAPIDS has been given assurance that about one hundred temporary housing units will be moved from Willow Run shortly to help relieve that city's housing shortage. The housing facilities are similar to those that have been moved to college towns and other communities.

Escanaba has filed application for temporary units to be moved from war plants, but the Federal Public Housing Authority has not indicated yet whether they would be available. Such facilities would help to relieve the housing situation here, and after the emergency has passed quite likely the buildings could be put to some other good use. Their conversion into overnight tourist cabins or summer resort cottages it is a possibility that immediately suggests itself.

World Events Analyzed

BY MARQUIS CHILDS

Washington — When President Truman and his economic advisers sat down to reach final agreement on the new wage-price formula, they had before them some remarkable figures supplied by the Securities and Exchange Commission. Those figures showed that U. S. corporations had a record volume of cash on hand in banks.

The total on Sept. 30 of last year was \$25,700,000,000. During July, August and September, it had increased by \$1,900,000,000.

On the other hand, according to the SEC report to the White House, federal taxes owed by corporations took the first substantial drop since 1938. Accrued taxes as of Sept. 30 amounted to \$14,600,000,000, a decrease of \$1,300,000,000 since the end of the previous quarter.

—BUSINESS PROFITS UP—
Chester Bowles, the new stabilization director, argued that the profit position of American business was so favorable that wage increases could be met in part at least out of profits. This is the stand he will take in trying to hold the new price line.

The net working capital of U. S. corporations is shown by the SEC report to be \$50,900,000,000. That is more than double what it was in 1939 and an all-time high.

Business men say that the 50-billion-dollar figure gives a false impression, because it includes inventories and no one can predict what will be realized from goods on hand. But their worry over inventories seems to be somewhat unnecessary in view of the fact that this is a sellers' market with a fantastic demand for everything under the sun.

With regard to tax refunds, wildly exaggerated estimates of what the carryback provision of the tax law will mean to corporations have been used. The carryback provision, continued through 1946, allows corporations to get back part of the excess profits tax they paid during the war if their 1946 earnings fall below the average for the years 1936 to 1939.

An example of the carryback given in this column some weeks ago over-estimated the amount to be reclaimed in a typical case by about one-third, even though the example was checked with a treasury expert. In hearings before congress, the treasury estimated that about \$550,000,000 would be returned to corporations under the carryback.

—INDUSTRY STILL STRONG—
That estimate was made, however, before the wave of strikes began to cut into production and profits. Losses growing out of strikes may be made up, in part at least, out of the U. S. Treasury.

Besides the carryback, there are two other tax refund provisions which work in complicated ways to swell corporation coffers. Thus far, however, the amounts realized from these sources are small. The really sizable money, according to the treasury, is involved in amortization clauses allowing a company to write off the cost of a plant in five or even in two or three years.

Looking at this picture of vast corporation reserves, you see how strong industry is in relation to labor. Business, in the current industrial warfare, occupies an entrenched position of great power.

How much has that power influenced the stand of industry on strikes? From the left comes the insistent charge of a "plot", a conspiracy, on the part of business to hold out against union demands.

In Detroit last week, in a hearing before National Labor Relations Board member Gerard Reilly, C. E. Wilson of General Motors told of a meeting in New York on January 9 with the heads of steel, packing and other industries. Wilson added that there was nothing "sinister" about the meeting.

The government, it seems to me, should know more about that meeting. At the start of the steel strike, an alert senate should have had a special committee inquiring into every phase of the industrial crisis.

If there are industrialists who want to take advantage of their wartime prosperity to break the unions, then we should know about it. If there are extremists in the unions who are using a monopoly position to make impossible demands, then we ought to know about that, too. This is a failure of government. A new formula picked out of the air is not likely to endure for long.

Q. Since coming to the States (I am a native of England) I have been rather shocked at the prevalence of your American slang. Only yesterday evening, for example, a lovely young woman, at whose home I had spent the evening, said as I prepared to make my departure: "I'm sorry you have to 'beat it' so early." Now really!—C. B.

A. Carry on, old boy. It isn't as bad as you think. A countryman of yours, Ivor Brown, writing in the March 15, 1945, issue of the British magazine, the Listener, observed: "Words have been a hobby of mine. I notice them when I am reading a Ben Jonson and find him writing: 'Come, let us beat it down the cobbled street.' 'Beat it' for 'go' or 'make off.' American slang? Nothing of the sort. It was just one of the phrases that the Pilgrim Fathers took along with their scanty luggage. What is thought to be new American lingo is so often in fact just old English."

What is your phobia? Fear of closed rooms (claustrophobia)? Fear of high places (acrophobia)? My PHOBIA pamphlet lists and pronounces most of the recognized phobias. For a free copy, send a stamped, self-addressed envelope to Frank Colby, in care of this paper.

What's the origin?
Q. For our English notebooks we need the etymology of the word "pavilion." Is there an interesting story in the history of the word?—B. J.

A. There is, indeed. The original word is the Latin papilio, which means "a butterfly." Papilio entered French and evolved into two words: (1) papillon, a butterfly; and (2) pavilion, a kind of tent; a small flag or ensign.

Pavilion entered English as pavilion, a kind of tent with extended flies which resemble the wings of a butterfly; later, a small, ornamental building, such as a shelter house in a park or garden.

The French papillon also entered English, and the spelling remained unchanged, but in pronunciation the word became thoroughly English for the French pronounce it: pap-ee-YAW(N), with the nasal sound in the third syllable. The Anglicized word is: PAP-i-lion, and it is the name,

Good Morning!

By The Bugler

MUSCULAR PERFUMES—The clean smell of soap, and a cheek shiny from the razor is no longer sufficient for the man who desires to move in the best social circles.

The makers of toiletries for men have changed all that. To be a man nowadays, you must dab a little "Sportsman" lotion on your razor-scuffed chin, and hide the shine under a coating of "Baritone Talc."

Just who started this business of gliding the male lily is questionable, although it may have been the same manufacturer who slipped a little attar of roses into the jar of hair stickum. It is only a short distance, geographically, from the sideburns to cheeks, and men accustomed to scented hair oil were easy victims to perfumes, lotions, deodorants and other "sissy" stuff.

But men should be on their guard. The downward path beckons! Step by easy step may lead them to scented ruin, surrounded by lace cuffs, satin breeches and permanent waves! And who will mourn their passing? Certainly not their women.

OH, PIONEER!—Unusual as it may sound, the history of perfume is based on the idea of cleanliness. In the Middle Ages and before, when baths were infrequent or non-existent, strongly scented perfumes were employed to cover up the odor of an unclean body.

In America's pioneer days, men bathed in creeks and rivers, lathered themselves with the strong home-made soap made by their women-folk from wood ashes and fats. They shaved infrequently, but the wind blew a refreshing breeze through their whiskers, and that helped some.

By and large, the pioneer had more need for strong perfumes than does his more modern brother, who can bathe winter or summer.

SELLING TALK—Yet we find the American male turning to the use of perfumed unguents not from choice but from necessity. Apparently by agreement, the toiletries manufacturers have decided that men are a good market for something besides shaving soap, hair oil and bay rum. Therefore they are flooding the market with stuff which, if applied, will make you popular by removing the odor encountered in a baseball pitcher's glove.

VERY BREEZY STUFF—These perfumes come in masculine-looking containers, including heavy pottery, wood, and old-fashioned tins. The brand names run the gamut of the great out-of-doors.

On the sides of the containers are pictures of men riding horses, shooting ducks or deer, or just sprays of pine boughs, a sailing ship perhaps, or a polo pony.

The whole idea is that to use a perfume isn't sissy, but very masculine, and that unless you smell like a pine forest or a sea-breeze you are less than a man.

Who will purchase most of this stuff and surround himself with an outdoorsy aura? It will be the city-dweller, the corpulent traveling salesman, the metropolitan slicker. Not the lumberjack, the farmer or the railroad section hand. The latter group will still depend on a bath to remove the sweat of honest toil in the out-of-doors.

PLAN PROGRAM TO KILL WEEDS

Escanaba Forestry Dept.
To Spray Poison Ivy
And Ragweed

Ragweed, poisonivy and dandelion

lion plants along certain streets and in public parks in Escanaba will be sprayed next summer with a new weed-killing preparation, it was reported yesterday by City Forester Robert Clayton.

The spray will be 2, 4-D, a chemical which is recommended for such use by Michigan State College extension service.

The chemical is usually not a quick killer, but causes complete destruction of all living parts of many plants. Generally 8 to 20

days is required for weed control. Spraying is recommended before the plants have reached the flower stage of development in the summer.

The city forester said the new type spray will be used to kill dandelion plants in Ludington park, poison ivy on South Tenth street, and on ragweed on Stephenson avenue. If the test spraying to be done next summer proves successful, use of the chemical will be extended to other streets and

parks in future years.

Michigan weeds which can be killed with 2, 4-D include bindweed, burdock, thistle, chicory, curled dock, cinquefoil, dandelion, pigweed, pennywort, ground ivy, smart weed, ragweed, stinging nettle, horse nettle, plantain, poison ivy, honeysuckle, wild carrot and yellow rocket.

Local supply stores are expected to have the 2, 4-D preparations under one or more trade names, and may be obtained there for use

on private property, the city forester said. The chemical relatively inexpensive, and Michigan State College reports that enough to spray one acre can be purchased for about \$3. Its use is recommended usually only for the killing of weeds among grasses. The leaves of most grasses are not affected by it.

The chemical is non-corrosive and non-poisonous to animal life.

Ninth Grade Girls Luncheon Today

This afternoon from three to four o'clock the ninth grade girls of the home economics classes at the Escanaba Junior high school will hold a luncheon under the direction of Miss Doris Eckholm and Miss Marion Shane.

The luncheon is the sixth in a series held during the school year as the course progresses.

Using the latest method of teaching home economics the girls work with family size menus for a group of six. The girls start from the very beginning of preparing the meal and have demonstrations on everything that is made before it is prepared, cooked and before the actual serving.

Each group of girls set a table for that many and eat at that table. This gives them practical experience in the complete course of events in making a meal. The tables are inspected before the girls sit down and correct table manners are stressed while eating the meal.

One girl is responsible for waiting on that table and others of the group are responsible for the cleaning up after the meal has been served. This, it was pointed out by the instructors, is just as important as the preparing of the meal. The girls take turns at each duty.

One rule which is strictly adhered to is that the girls must eat everything that they prepare. The next step in the course is learning to make pie. This will be concluded with a vegetable plate luncheon with pie as dessert.

The home economics course is continued at the Senior high school with the making of the dinner unit.

Pine Cone Girl Scouts Have Tea

Members of the Pine Cone Girl Scout troop entertained their mothers and other guests at a Valentine tea held in the First Methodist church Monday evening. An additional feature of interest was the candlelight service held for the investiture of three new members of the troop. Artistic decorations, an interesting program and a dainty lunch were enjoyed by the mothers and guests.

The program was as follows:

Welcome to guests—Irene Steen, troop president.

"A Perfect Day," instrumental trio: Irene Steen, piano; Jerine Hendrickson, violin; Donna Rudness, cello.

"The Bells of St. Mary's," piano solo—Mary Lou Gregory.

"What the Girl Scout Laws Mean"—Jane Holderman.

Investiture: Candlelight ceremony, participated in by Mrs. Arthur Urbach and the entire troop, investing Mary Lou Gregory, Janis Bergman and Mary Hart.

* For the investiture the troop formed the traditional Girl Scout

horseshoe about a table upon which rested a large trefoil representing the Girl Scout pin. Placed in the trefoil were ten yellow candles representing the ten laws, and three green candles representing the three parts of the Girl Scout promise. During the service these candles were lighted by the various girls.

Arrangements for the party were made by the following committees, assisted by the troop leader, Mrs. Arthur Urbach: refreshments: Irene Steen, Donna Rudness, Mary Lou Turnquist; entertainment: Jane Holderman, Mary Lou Gregory, Jerine Hendrickson, Beverly Feldstein, Evelyn Hill; decorations: Carol Christensen, Joan Johnson, Mary Hart, Jean Wickholm, Shirley Wellman, Janis Bergman.

COUNTY TAVERN GROUP CONFERS

Best Warns Licensees To Keep Within State Liquor Laws

The Delta Tavern Association in meeting yesterday afternoon at the courthouse in Escanaba heard Bob Best, secretary of the Upper Peninsula Liquor and Beer Vendors Association, warn that conformity to the letter of the state liquor laws will insure continuation in business.

The licensees heard a report by Best on a recent conference he attended at Detroit and Lansing, where associations representing the licensees organized an advisory council. Three members of the council are to be spokesmen for the licensees with the liquor control commission, and met with the commission for several hours.

Best also reported that in Escanaba the petitions presented to the city council asking a local ordinance penalizing minors for falsifying their ages to obtain liquor are being studied by City Attorney Denis McGinn. He said that the city attorney has also requested an opinion on such local ordinances from the attorney general. This opinion has not yet been received.

"There are 91 licensees in Delta county, and most of them do not realize what adherence to the state's percentage law on licensed establishments can mean," Best said. "The law is that there may be only one licensed establishment to every 1,500 population. In Escanaba this would mean there would be room for only 10 places."

(Escanaba, with a 1940 population of nearly 15,000, has 23 licensed liquor establishments.)

Best directed attention of the licensees to a movement in Sault Ste. Marie, where an attempt is being made to have the city commission reduce the number of taverns to the statutory limit. The law does not require that the number of licensed establishments be reduced, but it can mean that now new ones will be added, and in this way the number would be reduced over a period of years. Best pointed out that the law now is that a license can be revoked for one infraction of the law for bidding sales on Sunday, and that with the present difficulty with minors it might mean that some licenses might be revoked and never again restored.

He also said that through the cooperative effort of the licensees associations in the state it may be possible to offset some of the "dry pressure" being exerted on the liquor control commission. He added that there is a definite threat to the liquor business in the growing sentiment in favor of local option.

The licensees also discussed a

What's In A Name? A Pile Of Money

Logansport, Ind. (AP)—It cost 82-year-old Henry W. Seidel \$95.19 to make a bank deposit under a fictitious name, but he got back the deposit and interest, \$1,523.88. Circuit Judge John B. Smith ruled Wednesday that Seidel was entitled to recover the money, which he deposited Oct. 8, 1943, under the name of A. S. Shaw. The elderly man had to bring suit against the fictitious Shaw to withdraw the money after losing his bank book, and it cost him \$20.19 in court costs and \$75 attorneys' fees.

Seidel gave no reason for using the fictitious name, coming conference of the U. P. Liquor and Beer Vendors Association which will be held in Escanaba on Wednesday, Feb. 27. A program of business and entertainment is being arranged.

Fred Gereau, Nahma Resident, Is Claimed

Fred Gereau, resident of Nahma, died Wednesday evening at the Shaw hospital in Manistiquette, following an illness of seven months duration.

He was born March 5, 1875, in Negaunee, and had resided near Nahma for the past 33 years. He is survived by the following children: Rudy Gereau, Nahma; Antoine Gereau, Escanaba; Richard Gereau and Mrs. Tom Sargent of Muskegon; two stepsons, Francis Fluette of Nahma and Alec Fluette of Muskegon; and 32 grandchildren.

The body was taken to the Boyce funeral chapel in Escanaba, and arrangements for the funeral will be completed today.

The character of GEORGE WASHINGTON

The granite in the character of George Washington became the foundation stone of American Independence.

Love of Truth, and Love of Country, formed a base for Washington's greatness, as solid as the monument that now bears his name. And his lofty idealism lifted him high above most men of his time.

George Washington, Father of His Country, may well become the Foster-Father of other small nations new struggling as we did for independent existence.

8th Grade Sodality Officers Installed

New eighth grade officers were installed at a meeting of the 7th and 8th grade sodality of All Saints' school held last Friday. Officers are: Stanley Jugo, president; Fay VanDamme, vice-president; Phyllis Rose, secretary, and Henry DeMay, treasurer.

Main feature of the meeting was a religion contest in which the 7th grade competed against the eighth. The latter won, but both groups profited by this opportunity of preparing for the Sacrament of Confirmation which is to be conferred in June.

The Rev. Fr. Joseph Schaul addressed the sodalists in behalf of the new diocesan paper and at his request sodalists subscribed to the publication.

The Soviet Union, largest national unit in the world, is spread out over major portions of two continents, and borders upon 14 different nations.

NEW VOLUMES AT LIBRARY

Titles And Reviews Of Adult Reading Given

A number of new books for adults have been received by the Gladstone Public and School Library and will be placed on the shelves and be in circulation by the end of the week. It is learned from Mrs. John Norton Jr., librarian.

Titles of the books follow:

Erskine—The Human Life of Jesus.
Kent—Country Mouse.
Benet—America.
Van Every—Westward, The River.

Monophon—Diplomat in Carpet Slippers.
Elwood—Heritage of the River.
Baker—Party Line.
Ogilvie—Storm Tide.
Shute—Most Secret.

Sinclair—Dragon Harvest.
Dunham—Planning Your Home For Better Living.

Wallace—Sixty Million Jobs.
Wallace—500 Postwar Jobs For Men.

Thane—Ever After.
Grey—Rolling Wheels.
Malloy—Pride's Way.
Swift—The Railroad To Freedom.

Following are brief reviews of some of the volumes:
Monophon, Jay—"Diplomat in Carpet Slippers"—A new Lincoln biography, listed in January Rotarian as one of ten books of 1945. This book gave author an especial pleasure.

Sinclair, Upton—"Dragon Harvest"—Is a story of Lanny Budd, secret agent of President Roosevelt, until the fall of France.

Malloy, Robert—"Pride's Way"—Has for its background, Charleston, S. C., the birthplace of the author. It is an amusing story of two old gentlemen sisters, "who belonged."

Shute, Nevil—"Most Secret"—A thrilling adventure of four men who set up a private navy and waged war in the English Channel. The story was held up by the British Admiralty for many months for security reasons. The author makes one realize what hate can do to a group of normal decent young men.

Kent, Louis A.—"Country Mouse"—A delightful story of two energetic ladies from Red Willow, New York.

Simonov, Konstantine—"Days and Nights"—First non-political serious novel to come out of the Soviet Union. The setting is the terrible struggle for Stalingrad where Russia turned the Nazi tide. The book has sold more than 400,000 copies in Russia.

McFerran, Doris—"Careers in Retailing for Young Women"—Meaning those careers which begin in retailing and end in almost any one of a dozen lucrative positions.

Robson, R. W.—"The Pacific Islands Handbook"—Recognized throughout the world as the standard 1944 reference work in its field.

Van Nostrand's—"Scientific Encyclopedia"—Most comprehensive reference work on science and its practice. Applications in one volume.

Clarke, George H.—"The Treasury of War Poetry."

Baker, Louise—"Party Line"—Story of Miss Elmira, a romantic telephone operator, who controlled the party lines and the lives of the inhabitants of Mayfield. A true story of the small California town in which the author lived.

Benet, Stephen—"America"—This is how we grew, this is what we are, these are the things we believe in, this is America.

Dunham, Clarence—"Planning Your Home For Better Living"—A book with special emphasis placed upon the planning and thinking that should precede construction or purchase. A book with many photographic drawings and floor plans.

Grey, Katherine—"Hills of Gold"—Tells of adventure during

In Memoriam

In loving memory of our beloved wife and mother, Mrs. Paul Broecker, who passed away seven years ago today, February 22, 1939.

We cannot say, and we will not say,
That she is dead, She is just away!

With a cheery smile, a wave of the hand
She has wandered into an unknown land.
And she left us dreaming how very fair
It needs must be since she lingers there.

And you—on you, who the wildest yearn,
For the old time step and the glad return,
Think of her faring on, as dear,
In the love of There, as the love of Here.

Think of her still as the same, we say—
She is not dead—she is just away.

Sadly missed by her husband

Pedestrians Urged To Use Sidewalks

Pedestrians are being urged to use the sidewalks, not the streets, in their travels. Walking in the streets is dangerous to a certain extent, particularly at the noon hour and late in the afternoon. While in some places it may be necessary to use the streets, in most cases the sidewalks are cleared throughout the major part of the city and police suggest they be used as much as possible.

SKATE CLASSIC

Attractive Prizes To
Be Given Winners In
Speed Events

A mid-winter show, the like of which Manistique has not seen in many years, is booked to be held at the stadium rink next Sunday afternoon beginning at 2 o'clock, the Manistique Recreation committee announces.

There will be speed skating with races arranged for youngsters of all ages, figure skating by star skaters from the Escanaba Figure Skating Club, comic acts and a number of interesting special events.

The following speed skating events are scheduled:

Cradle class, under 10 years of age, 110 yards.

Midget class, 10 and 11 years of age, 220 yards.

Juvenile class, 12 and 13 years of age, 220 yards.

Juniors, 14 and 15 years of age, 220 and 440 yards.

Intermediates, 16 and 17 years, 220 yards and 440 yards.

Seniors, 18 years and over, 220 yards and 440 yards.

Boys and girls will skate separately in each of the above classes. There will be exhibition races by the Escanaba speed skaters in some of the above classes. Any of the Manistique skaters may compete against the Escanaba skaters. However, there will be races exclusively for Manistique skaters.

Pete Dube, 67 year old Escanaba skater, and formerly of Manistique, will demonstrate his skill in a two-mile race. Local competition for Mr. Dube is being sought.

Star figure skaters from the Escanaba Figure Skating club, will re-enact several of the numbers given in the recent ice revue at Escanaba. These figure skaters will be costumed and will repeat the identical numbers they performed at Escanaba during the beautiful Ice Circus held on four days of last week.

Arrangements are being completed to have Leonard Johnson, of Munising, demonstrate his comic act on ice.

About \$100 in prizes have been donated by Manistique business men for this meet. These prizes will be distributed to the speed skaters.

All Manistique speed skaters are to report to the stadium rink on Saturday afternoon for trial races. This applies to all who have filled out entry blanks or anyone who desires to try out for the races.

Cooks Independents
Cop Fast Game From
Inland Basketeers

The Cooks Independent basketball team won a close and hard fought game over the Inland team of the Manistique Independent league at the Cooks high school gymnasium Tuesday night. The Manistique team led through three quarters of the game but the Cooks cagers came up from behind to clinch the contest by a 44 to 49 score.

The Cooks team has arranged to meet the Marquette VFW team on the Cooks floor next Tuesday evening. All of the VFW players are former players on college teams.

WAITER ON HORSEBACK

In the days of the Roman Empire, an archdrapier was a special officer who, at coronations, carried the first dish of meat to the table, on horseback.

Helen Frankovich
Wed Wednesday To
Maurice Hellsten

Miss Helen Agatha Frankovich, daughter of Mr. and Mrs. George Frankovich, New Elm street, became the bride of Gunnar M. Hellsten, son of Mr. and Mrs. Maurice Hellsten, Route 1, at a ceremony performed Wednesday, February 20, in the St. Francis de Sales rectory. The vows were exchanged before the Rev. E. H. Berendsen at 8:30 a. m.

Attending the couple were Miss Louella LaMourie, a close friend, and George Frankovich, brother of the bride.

The bride wore a lovely gold colored suit with brown accessories and a corsage of red roses. Miss LaMourie wore a suit of green with brown accessories and a corsage similar to that of the bride. Both mothers wore black dresses with matching accessories and each wore a corsage of snapdragons.

A wedding breakfast was served following the ceremony at the home of the bride's parents for the immediate families and friends. A large wedding cake centered the attractive table. A 5 o'clock dinner was served at the Hellsten home for 17 guests. Later in the evening a reception for 75 guests was held at the Dean Deloria home on Cedar street.

The bride is a graduate of the local high school and attended Northern Michigan College of Education at Marquette. She was a member of the Tau Pi Nu Sorority there. She now holds a teaching position at the Thompson school. The bridegroom also graduated from the local high school, and is employed with the Inland Lime and Stone Co. He was recently discharged from the Army after serving for five years, eight months of which he served in the Pacific theater.

Mr. and Mrs. Hellsten are making their home on Maple avenue.

Fred Beaver Is
Sentenced For
Neglecting Kin

A two to three-year sentence was meted out to Fred Beaver, of Manistique, on a desertion and non-support charge by Judge Herbert Ruppels in circuit court at Sault Ste. Marie Wednesday.

Beaver had been arrested on the charge two years ago, but his case had been continued from one term of court to another on the report by his wife that he was supporting his family. Recently, however, he and his wife were arrested by state police charged with neglecting their children. Both pleaded guilty to the charge and Mrs. Beaver was given a 30-day sentence, which was suspended on condition that she assume her full responsibility to her children. Beaver's circuit court case was promptly moved for hearing. He had previously pleaded guilty to the charge and all that was left for the judge to do was to pass sentence.

Married Thursday
To A. Bouchard

At a ceremony performed in the St. Francis de Sales church Thursday, February 21, Miss Bernetta Weber, daughter of Mr. and Mrs. George Weber, became the bride of Adolphe Bouchard, son of Mr. and Mrs. Phillip Bouchard, of Cooks.

The Rev. Fr. B. J. P. Schevers, who was celebrant of the 8 o'clock nuptial high mass, solemnized the service before a large gathering of relatives and friends. The bride was given in marriage by her father.

The traditional bridal marches were played and Schubert's "Ave Maria" was sung by Rose Patrick and Ferd Gorsche.

The bride was beautifully gowned in a fitted model of white satin. Her long veil, which was worn by the bridegroom's mother at her wedding, was gathered to a crown of orange blossoms. She carried a colonial bouquet of mixed flowers. Her maid of honor wore an aqua colored gown with a matching headdress and carried a bouquet similar to that of the bride.

The bride's mother, Mrs. Weber, wore a navy blue dress trimmed with white. Mrs. Bouchard wore black trimmed with white. Both mothers wore corsages of yellow roses.

Following the ceremony a wedding breakfast was served at the home of the bride's parents for 25 guests. A large tiered wedding cake topped with a miniature bride and groom centered the table. A

Old Newspaper
Tells Of Funeral
Of Washington

L. E. MacDonald, of Terrace avenue, has a keepsake that fits in well with the observance of the birthday anniversary of our first president. It is a copy of the Ulster County Gazette, printed in Kingston, N. Y., on January 4, 1800 in which a good share of the space of that 4-column publication is given over to an account of the funeral of George Washington.

Reversed column rules give a "conventional black" to the page and an ode by the village poetess reflects a proper spirit of mourning. George Washington died on December 14 and the funeral services were held on December 20. The issue being two weeks later, reflects the slowness with which news traveled in those days. The editor, in a short note, apologizes for the lack of world news contained in the issue, the obsequies of the first president having commanded most of the front page space.

In the funeral line of march were troops of infantry marching with arms reversed, military bands whose drummers beat on muffled instruments, cavalry whose standards were draped with streamers of black. Clergymen, brother Masons and citizens followed in solemn procession, while in the distance, on the Potomac, a Man-O-War fired a salute to the dead.

The newspaper, now encased in glass, is badly frayed from much perusal.

Charles Fagan Home
Is Damaged By Fire

Fire, caused by a defective chimney, did serious damage to the residence of Charles Fagan, 310 Schoolcraft avenue, about midnight Thursday.

The fire, which started between the walls along side of the chimney, had such a good start before it was discovered that a hole had already burned through the roof.

There was no insurance on the building or its contents.

To make a pound of butter, 9.77 quarts of milk are required.

Eskymos Play Manistique Tonight In Last Home Game Of Season

VISITORS WILL TRY FOR UPSET

Reserve Teams To Play Preliminary Game At 7:30 O'clock

The undefeated Eskymos will conclude their home basketball schedule tonight in a game with the Manistique Emeralds at the junior high school gymnasium. The Reserve teams of the two schools will meet in a 7:30 o'clock preliminary game.

Coach Rouman's Eskymos have run up 12 consecutive victories and are the only undefeated Class B team in the peninsula. Because of this record they will rate as strong favorites to add the Emeralds to their string of victims. Manistique has had an on and off season but observers contend the Emeralds are dangerous whenever they are hitting the peak of form. Because they would rather trim the Eskymos than any other team on their schedule, the Manistique quintet may be expected to turn in one of their better performances tonight.

The Eskymos will probably start Jack Finn at center, Ohman and Ross at forwards, Scott and Dufour guards.

Coach Henry Wylie has announced that Piche, Hirn, Cota, Johnson and Buckland will be in the starting lineup for the Eskymo Reserves.

Officials will be Hiney and Rudness of Negaunee.

Lightweight Champ To Meet Mexican

Los Angeles, Feb. 21 (AP)—NBA Lightweight Champion Ike Williams will defend his title against Enrique Bolanos, Mexican contender, in a 15-round bout here the latter part of May. Matchmaker Babe McCoy announced today.

McCoy said Williams' manager, Connie McCarthy, had wired acceptance to McCoy's offer of a \$20,000 guarantee. McCarthy indicated May 30 as a favorable date. McCoy disclosed, California, however, does not allow boxing on Memorial Day and another late May date will be chosen, the matchmaker said.

Local basketball fans will get their last chance to see the Eskymos in action on the home floor tonight when the undefeated Escanaba team meets the Manistique Emeralds. Next week the Eskymos play at Kingsford and relatively few Escanaba fans will get a chance to see that game as all reserved seats have been sold out. Since the Eskymos conclude their regular schedule at Kingsford March 1 and the district tournament will not open at Menominee until March 14, the local cagers will have a rest during the week of March 3-9.

The St. Joseph Trojans also will wind up their schedule on March 1, playing Baraga of Marquette at the Bonifas gymnasium here. They also will be idle during the week of March 3-9, awaiting the Class C district tournament at Gladstone, which opens March 14. While technically both the Eskymos and

TIGER SLUGGERS AIM AT FENCES

Lakeland, Fla., Feb. 21 (AP)—Detroit Tiger sluggers, taking their first two-hour batting practice of spring training, took sharp aim at the distant fences of their Lakeland Park today.

Outfielders Barney McCosky and Pat Mullin, recent service draftees, rattled consistently long drives off the right field wall 390 feet from the plate and Pitcher Paul (Dizzy) Trout punted one of Freddie Hutchinson's slants over the left field fence at the 350-foot mark.

Four other Tiger pitchers took their turns throwing to batters with Trout, Virgil Trucks, Art Houtteman and recruit Norm Scott doing most of the flinging in the absence of Hal Newhouser, who passed his second day as a hold-out.

Hank Greenberg, starting his reconversion to the infield, worked out impressively at first base.

Badgers Next For Spartan Five

East Lansing, Feb. 21 (AP)—Michigan State College's basketball squad will leave Friday noon for Madison, Wis., where Saturday the Spartans will take on the University of Wisconsin five.

Handed its ninth defeat Wednesday by Notre Dame, M. S. C. needs at least an even split in the two remaining games with the Badgers to finish the season above the .500 mark. Wisconsin will repay the visit March 1.

Coach Ben Van Alstyne named a 10-man squad for the trip to Madison, which will mark the final road showing for M. S. C. this season. The traveling squad includes Forwards Sam Fortino, Robin Roberts, John Granack and Keith Krause; Centers Bill Krall, Matt Mazza and Jack Wulf; and Guards Don Waldron, Ollie White and Don Joyce.

Hawks And Junior Hawks Meet Tonight

There will be an important meeting of the Escanaba Hawks and the Junior Hawks at the North Escanaba rink tonight, starting at 7:30. Members of both teams are asked to be present and to report on time.

Following the meeting there will be a short practice session. The Hawk Juniors will meet the Soo All Stars here Saturday night at the indoor rink and the Escanaba Hawks will play the Marquette Sentinels next Thursday evening at Marquette.

NATIONAL HOCKEY LEAGUE

Detroit 2; New York 2 (tie).

The Trojans will be idle insofar as the term is generally applied to intensive training in preparation for an approaching game, they will not actually be idle. Both teams undoubtedly will work out regularly during that week, but will merely coast along to keep from getting stale.

The widespread demand for Escanaba figure skaters to appear in ice revues in other communities of Michigan and Wisconsin shows conclusively that Escanaba is in reality the figure skating capital of the north. As a matter of fact, it is equally true to state that Escanaba is the skating capital of north, taking in both speed skaters and figure skaters. The Escanaba Figure Skating club and the Bay de Noc Speed Skating club have swept major honors wherever they have appeared in northern Michigan and Wisconsin.

Major league baseball salaries in 1946 may reach the \$5,000,000 mark, by far the highest in baseball history. The 1946 spring training also will be the costliest in the history of the game. President Ford Frick of the National League figures the majors will spend \$1,300,000 in spring training this season, and that the average budget will be \$75,000 to \$100,000 per club. This compares with an average of \$25,000 or less in 1936. A few years ago the total National League payroll was less than \$700,000. This year it may be triple that figure and the American league payroll probably will be even higher.

Hit and Miss—The big house cleaning in the majors will come about May 1, two weeks after the opening of the season. All clubs now have swollen rosters which must be drastically pared. Baseball prices at Griffith Stadium in Washington will remain unchanged in 1946, although most big league clubs are upping the ante. George Johnson, veteran AA umpire, has been named chief umpire of the All-American girls baseball league.

Santa Anita Jacks Purses Up By \$200 As Horsemen Strike

Arcadia, Calif., Feb. 21 (AP)—Racing was assured for Santa Anita tomorrow as groomers agreed to continue their duties and track officials boosted all purses \$200 today to virtually break the back of a horsemen's strike which threatened to cancel the remainder of the lush meeting, including the \$100,000 derby Saturday and the \$100,000 handicap March 9.

The Grooms association said its members would lead horses to the saddling paddock after more than 80 entries were named for tomorrow's eight race card, including eight for the \$25,000, six furlong San Gabriel handicap for three year olds and up.

The purse increase, retroactive to Jan. 29, adds \$200 to all purses over \$3,200, which remains the minimum. Racing Directors Carleton F. Burke said the action was taken at the request of 12 leading trainers—not members of the striking California Thoroughbred Owners and Trainers Association.

The \$200 was expected to cover all Groom and Exercise Boy expenses, which the striking horsemen protested paying. The striking group cancelled a meeting after the action, but otherwise indicated no action.

Veteran Puck Boss Patrick Quits Rink

New York, Feb. 21 (AP)—Lester Patrick, for more than 40 years an outstanding figure in hockey, severed most of his connections with the game today and turned over the task of rebuilding the New York Rangers to Frank Boucher.

A former outstanding player and head of the Rangers since 1926, Patrick resigned as manager of the team, but retained his position as vice president of the Madison Square Garden Corp. Boucher, one of the original Ranger players and coach of the team since 1939, became manager as well as coach while Thomas F. Lockhart was named to the new post of business manager.

In announcing his retirement because of ill health, Patrick said that Boucher and Lockhart would have full responsibility for the club and that he would continue to serve in an advisory capacity when and if they care to consult him.

Jim Nichols, one-armed professional golfer, has made a hole-in-one seven times.

GRAYSON HITS BOXING RULES

Titles Now Are Being Offered To Highest Bidders

New York (NEA)—Col. Edward Patrick Eagan is revising, the New York boxing rules. It's about time.

Let's hope the chairman takes a leaf from the Pennsylvania commission's book, incorporates a clause passed by its head, Leon Raines, to wit: "Any fighter or manager giving a share or all of his percentage to reimburse a champion opponent who loses his title beyond what the champion's contract calls for shall be barred forever."

Had such an edict been on the New York books it would have precluded the deal between welterweight champion Freddie Cochrane and Marty Servo, in which the Schenectady Italian took 60 per cent, guaranteeing the Elizabeth sorrel-top \$50,000 if he lost. The deal cost Servo \$6594, but it was a bargain basement buy, for it netted him a lucrative championship, even though it left a bad taste in the mouths of the suckers.

Knocking Red Cochrane kicking in the fourth, Servo expressed surprise at the ease with which he did it.

"I expected him to be a real cutie," said this Alphonse Weill meal ticket, "figured it would take six or seven rounds at least to figure him out."

In other words, Cochrane put up such a sorry defense that even his opponent was amazed.

Gullibles who paid \$92,505 were stung again in the same place, as usual.

What else could they believe but that Cochrane merely sold his championship to the highest bidder?

It's high time these collusive bargains for titles were forbidden. Rather than mule the always-willing saps into generously contributing to retirement funds for broken-down never-wases who accidentally become champions, why not adopt the suggestion I made in a recent piece, advocating the subscription by each succeeding titleholder to an annuity for pensioning shop-worn gladiators?

This would save battered hollow shells from themselves and ringworms from suffering morbid executions at outrageous prices.

While on the subject, why not return to the old tried and true system of distinct winner's and loser's shares?

This is out under the present laws because it laughably is said that it constitutes a prize fight.

I wonder what the lawmakers think the young savages are doing in going through the motions at union scale prices highly satisfactory to both parties!

Why not revise the laws to again give the winners the long end?

That would at least give the laddie bucks an incentive, and

goodness knows they need one.

As one famous politician said to another: "What's the law between friends?"

Ishpeming Moves To Regain Ski Jumping Championship

Ishpeming, Mich.—There is an interesting story of community rivalry back of the ski tournament Ishpeming is sponsoring Sunday, February 24, when an effort will be made to crack the national ski jump record.

Ishpeming is the oldest ski club in America, its 1946 event being its 59th annual ski meet. The National Ski association was formed in Ishpeming.

For years it was the only tournament, for more years the major tournament of the midwest. Then came the boom in winter sports and other communities went after the business in a big way.

Iron Mountain, a neighboring community 65 miles away, decided there was money in the hills and built the largest artificial slide in the world. Ishpeming's is half artificial, half natural. While Ishpeming waited, wondering whether Iron Mountain could turn the trick, the neighboring town kept going. It paid off in 1942 when the one and only Torger Tokke, who came here from Norway to ride for the Brooklyn club, came roaring down the chute to swing out into the air and land 289 feet away.

The war was in progress then and Ishpeming was stymied on plans to compete with this new attraction. However, with Y-J Day, Ishpeming went into high gear. Down came the scaffolding and it was moved back among the towering crags of Iron Cliffs hill. Bulldozers shoved hundreds of cubic yards of dirt into the top of the landing. From it evolved today's present hill.

Ishpeming anticipates a challenge to the national record. It is a question whether the right rider will have the right weather back of him when the 24th comes. If he does, there's an excellent chance for fans at Ishpeming to see a new national champion enthroned.

Swift's Will Face Tough Foe Sunday In Neopit Indians

Tom Swift's basketball team will meet the toughest competition of the season Sunday night when they tackle the Neopit Indians, colorful Wisconsin team, at the Bonifas gymnasium.

The Neopit Indians from the government reservation boast one of the strongest independent aggregations in the midwest, including several college stars. The Indians will also put on a tribal ceremony, complete with Indian headdress.

Gladstone, Swifts Win League Games

Bark River lost to Gladstone, 35 and 33, and the Swifts defeated the Obergs, 44 and 30, in Escanaba city league basketball games. Vernon Long was high point man for Gladstone, with 11, and Johnson Kleiman of the Swifts scored 12 points in their contest.

Restore Sixth Ave., Name New Yorkers Ask In Petition

New York (AP)—After all the fuss and ceremony of changing the name of Sixth Ave. to the Avenue of the Americas, New York now has a movement underway to change the name back again.

A group with headquarters in Greenwich Village is circulating petitions to Mayor William J. O'Dwyer asking for restoration of the old name. The die-hards contend that New Yorkers are still calling the street Sixth Ave., and that out-of-towners find it difficult to orient themselves under the new street signs.

Unofficially, City Hall has its tongue in its cheek.

He freely admitted that he sometimes used the mild solution of ephedrine for clearing head colds and bleeding nostrils, after it had been given him by a druggist for himself. He felt that if it didn't affect him, how could it affect a horse?

Why wasn't he warned, like Pratt, instead of suspending? If he had been accused of using heroin, cocaine, or barbiturates, or the like, the layman could understand the punishment.

The stiff-collared The Jockey Club stewards interpreted that a rule had been denied, however, and the suspension must stand.

Meanwhile, Mrs. Elizabeth N. Graham, the most generous patron in the history of the turf, is the sufferer, as her huge string of remarkable runners are going to seed without the master hand of Old Tom Smith, who committed the cardinal sin of winning too many races.

Because of the war, more boxing titles may change hands this year than ever before.

Jewel Ens, Syracuse manager claims Eddie Shokes, former Duke first baseman, will make the grade with the Cincinnati Reds.

George Metkovich of the Boston Red Sox batted only .260 last season but his average for night games was .421, tops in the American League.

HOCKEY, RACING RULES SILLY

Both Sports Need New Code Interpretation, Says Grayson

BY HARRY GRAYSON
NEA Sports Editor

New York, (NEA)—What a kick lovers of the old and corny adage, "one man's meat is another man's poison," get out of the lifting of player Walter Pratt's suspension for gambling on hockey, and the cementing of R. Tom Smith's banishment for a year for rinsing the horse Magnific

Duel's snout with a 2.6 per cent solution of ephedrine—by remote control—prior to a \$1900 race.

Both decisions are on the wacky side, to say the least.

The National Hockey League's board of govern-

ors reinstated Babe Pratt without further penalty than a warning that if he did it again the veteran star defense man of the Toronto Maple Leafs would be set down for life.

It was brought out that Pratt did not wager against his own team. Also that there was no clear rule applying to the case.

Then why suspend the player in the first place, tarnish his hockey reputation?

It strikes me that it would have been a much better idea to have adopted a rule with teeth in it, warn all hands and give offenders the complete treatment.

Imagine anything like the Pratt case happening in baseball! A guilty player would be tossed out on his ear, pronto. Remember Bill Cox, an owner, not even a contestant, and betting on his own baseball had a Judge Landis then, and there was no monkey business. Landis cleaned up baseball by setting striking examples, and he always had the evidence first.

Oh yeah, the board of governors at long last adopted a rule automatically banning for life any player betting on any club in the league. Here applies the adage about "locking the barn door after the horse is stolen." As a matter of fact, the more recent decisions of the hockey and racing people violate the law of adages.

Tom Smith's case goes to the other extreme. Glossing over the fact that William Woodward, head of another elaborate stable, sat in judgment of the highly successful Maine Chance Farm's able trainer, Silent Tom's sentence appears to the layman too severe for the infraction with which he is charged. In his long and illustrious career, the 70-year-old Smith had never before been brought up on charges of any kind.

He freely admitted that he sometimes used the mild solution of ephedrine for clearing head colds and bleeding nostrils, after it had been given him by a druggist for himself. He felt that if it didn't affect him, how could it affect a horse?

Why wasn't he warned, like Pratt, instead of suspending? If he had been accused of using heroin, cocaine, or barbiturates, or the like, the layman could understand the punishment.

The stiff-collared The Jockey Club stewards interpreted that a rule had been denied, however, and the suspension must stand.

Meanwhile, Mrs. Elizabeth N. Graham, the most generous patron in the history of the turf, is the sufferer, as her huge string of remarkable runners are going to seed without the master hand of Old Tom Smith, who committed the cardinal sin of winning too many races.

Because of the war, more boxing titles may change hands this year than ever before.

BRAVES BID FOR VICTORY

See Tough Opposition From Marquette's Fighting Cagers

Gladstone, Mich.—The Gladstone Braves will be out trying to get back into the win column when they meet the up and coming Graverats tonight on the local court in one of two pre-tournament games left on the schedule.

A preliminary between Tenary and the seconds is scheduled to get under way at 6:50 o'clock with the main game starting at 8:15. Treado of Negaunee will handle both games.

Marquette has shown considerable improvement of late as it is witnessed by their overtime victory over the classy Ishpeming quintet and their close battle with Negaunee.

Coach Eldon Keil will depend on his usual starting lineup composed of Gillis at center, Haglund and Olson at forwards and Capt. Engstrom and Olive at guards.

CARD OF THANKS

We wish to take this means to express our sincere thanks and appreciation to all the kind relatives, friends and neighbors who assisted us during our recent bereavement, the death of our beloved son, Jerome. We wish especially to thank those who sent flowers, Fr. Alphonse Coignard for his consoling words and all others who by word or deed assisted us at this time. The memory of these acts will never be forgotten.

Signed:
Mr. and Mrs. Stephen LaChance,

We left the city behind and after another half hour...

THIS IS WHERE WE GET OUT. FINE. WELCOME TO OUR ESTABLISHMENT. HA-HA!... SHORTLY, YOU PUT THE CAR IN THE GARAGE.

KEEP THAT GUN IN HIS BACK, LOUSE. TILL WE GET HIM TIED UP.

DON'T WORRY, ROY. HE AIN'T GOIN' NOWHERE.

We went inside and Scarr lit a lamp. The place smelled musty. I couldn't help thinking it was like entering a tomb.

SORRY WE DON'T HAVE ELECTRICITY, FLINT, YOU SEE, THE HOUSE AIN'T OCCUPIED.

THAT'S RIGHT, NOBODY COMES HERE, FLINT.

I believed what the big guy said, all right, even if he did say it in bad grammar.

NOW TIE HIS HANDS, LOUSE. I'LL HELP HIM COVERED.

RIGHT.

FIRE DESTROYS TOURIST CABIN

Ben Nelson Is Overcome
By Smoke In Early
Morning Blaze

Fire believed to have started from an overheated stove almost destroyed a DeGrand tourist cabin on 23rd street at Fifth avenue north at 2 a. m. yesterday and the occupant, Ben Nelson, 38, was overcome by smoke in his efforts to extinguish the fire before arrival of the fire department.

Nelson was taken to St. Francis hospital for treatment and was released at noon yesterday. He had resided at the DeGrand cabins for more than a year.

The cabin, one of a group of 22, is owned by Ray DeGrand and Oten Brisbane. The loss was covered by insurance.

DeGrand yesterday said that the interior of the one cabin, occupied by Nelson and centering the group, had its interior ruined by the fire. The other cabins in the group were damaged by smoke, he reported.

Fire Chief Arvid Johnson said that Nelson discovered the fire and attempted to extinguish it alone. Unable to bring the fire under control he notified the owners and they telephoned the fire department.

CITY HALL SITE OPPOSED

Menominee—A Menominee man who has had nearly a half century of experience with design and construction of public and private buildings in Menominee today denounced the proposed Ogden-Jenkins site as a location for a Menominee city hall and office building. (The proposed site is the southeast corner of the county building square.)

Derrick Hubert, veteran architect, was speaking as a private citizen in joining the opposition to the Ogden-Jenkins site which is favored by Mayor Otto R. Eickmeyer and some members of city council. Hubert isn't stumping for any particular site; most any one will do, he says, provided it is somewhere in Menominee's present downtown business section.

Industrial Survey Of Upper Peninsula Will Be Discussed

Marquette—Discussion of ways and means to make an industrial survey of the Upper Peninsula will be the major problem for discussion at the mid-winter meeting of the officers and board of directors of the Upper Peninsula Development Bureau to be held in Marquette, Feb. 27 and 28.

The meeting will open on the evening of Feb. 27 and will continue throughout the next day. Adoption of a budget and a discussion of the bureau's advertising program will be other major items on the agenda.

In discussing the proposed industrial survey which has been studied by the bureau for nearly a year, George E. Bishop, secretary-manager, declared that many in the bureau consider this matter as having top priority so that information obtained from such a survey would be available at an early date to Chambers of Commerce of the peninsula either for use by local industries desirous of expanding or by outside industries interested in a decentralization program.

A special committee, appointed at the November meeting of the Bureau, will hold open forum at the mid-winter meeting, for further discussion of the subject, and Chambers of Commerce are urged to send representatives to participate in the discussion and to reflect their respective communities' desires and interests. The committee is composed of: W. L. Burns, Ironwood; Maurice Hunt, Mayor, Sault Ste. Marie; George Newton, Iron Mountain; John Keeton, Munising; and E. J. Wittock, Stambaugh.
